
ARMAN GHAZIASKARI

PROFILE

GIS Specialist | Data Scientist | Python |

Geospatial and GIS specialist with over 20 years of experience in geospatial analysis, GIS/Remote Sensing, project coordination, and technical documentation. Strong analytical background with growing expertise in Data Science, Python, Big Data, Cloud technologies, and interactive geospatial applications. Skilled in transforming complex spatial datasets into actionable, data-driven insights that support informed decision-making. Experienced in preparing technical proposals and coordinating multidisciplinary teams, with a proven ability to adapt quickly to new technologies. Open to relocation and international collaboration.

48014, Bilbao

Permiso de conducción: B1

SKILLS

Geospatial & GIS
ArcGIS, QGIS, ENVI, ERDAS Imagine, Google Earth Engine • Spatial Analysis • Remote Sensing

Data Science & Analytics
Python (Pandas, NumPy, GeoPandas) • Data Visualization (Power BI) • Predictive Analytics • Basic ML & Big Data

Programming & Web
Python Automation • Web Scraping • JavaScript (fundamentals)

Project & Documentation
Project Coordination • Technical Documentation • Proposal Writing

Tools
Advanced Excel, Word, PowerPoint

LANGUAGES

Spanish (B2)
English (B2)
Persian (Native)

EXPERIENCIA LABORAL

Freelancer
Remote
2021 – Present

- Conducted spatial and environmental analysis using GIS,remote sensing, and Python-based tools.
- Built dashboards (Power BI, Streamlit) to visualize geospatial andstatistical insights.
- Automated data workflows and implemented ETL processes foranalysis and reporting.
- Explored data science techniques in academic and personalprojects

GIS Specialist and Manager
2004 – 2021 - General Governor Office of Isfahan Province, National Divisions Group, Iran

- Led spatial data management for crisis response and territorial planning.
- Managed teams responsible for map production, spatial analysis, and maintenance of GIS infrastructure.
- Prepared and structured technical proposals, including methodologies, timelines, and data specifications.
- Reviewed RFP/RFQ documents to ensure compliance with technical and administrative requirements.
- Coordinated with multidisciplinary teams to deliver competitive, client-oriented proposals.
- Oversaw documentation workflows and ensured timely submission of all deliverables.

Contributor to digitization
2013-Brown University (Spatial Structures in the Social Sciences),USA.

- Digitization of historical census maps (1890–1930) of major U.S. cities using GIS tools.

ACADEMIC EDUCATION

- **2000 – 2004**: MSc in Geographic Information Systems (GIS) and Remote Sensing Shahid Beheshti University, Tehran, Iran
- **1996 – 2000**: BSc in Environmental Engineering (Field and Watershed Management) Isfahan University of Technology, Isfahan, Iran

FORMACIÓN COMPLEMENTARÍA

- 2026. Big Data Specialist, 230 hours, Alfa formacion , Bilbao
- 2025, Artificial Intelligence Specialist, 230 hours, EDE Fundazioa,
- 2025. Front-End Web Development Bootcamp, 200 hours, BBK Bootcamp & The Bridge.Digital Talent, Bilbao.
- 2024 – 2025, Data Science Bootcamp, 480 hours, BBK Bootcamp & The Bridge.Digital Talent, Bilbao.
- 2024, Auxiliary Operations for Assembly and Maintenance of Microcomputer Systems (Level 1),370 hours, IFAP Basauri.
